A JOURNEY OF LEARNING
SONNY A. PURA

It's a PRIVILEGE to
CARE for the sick.
It is an HONOR to be present
when humans are BROUGHT
into this LIFE and when
they LEAVE.

LEARNING OBJECTIVES

This endeavour was envisioned to improve the resilience of nurses in the performance of their roles in critical care setting by having access to basic information on clinical and professional standards of practice deeply relying on their own capacities and resources to alleviate sufferings and chaos within our patient, the institution and the society at large.

Broad enough to apply to wide variety of settings.

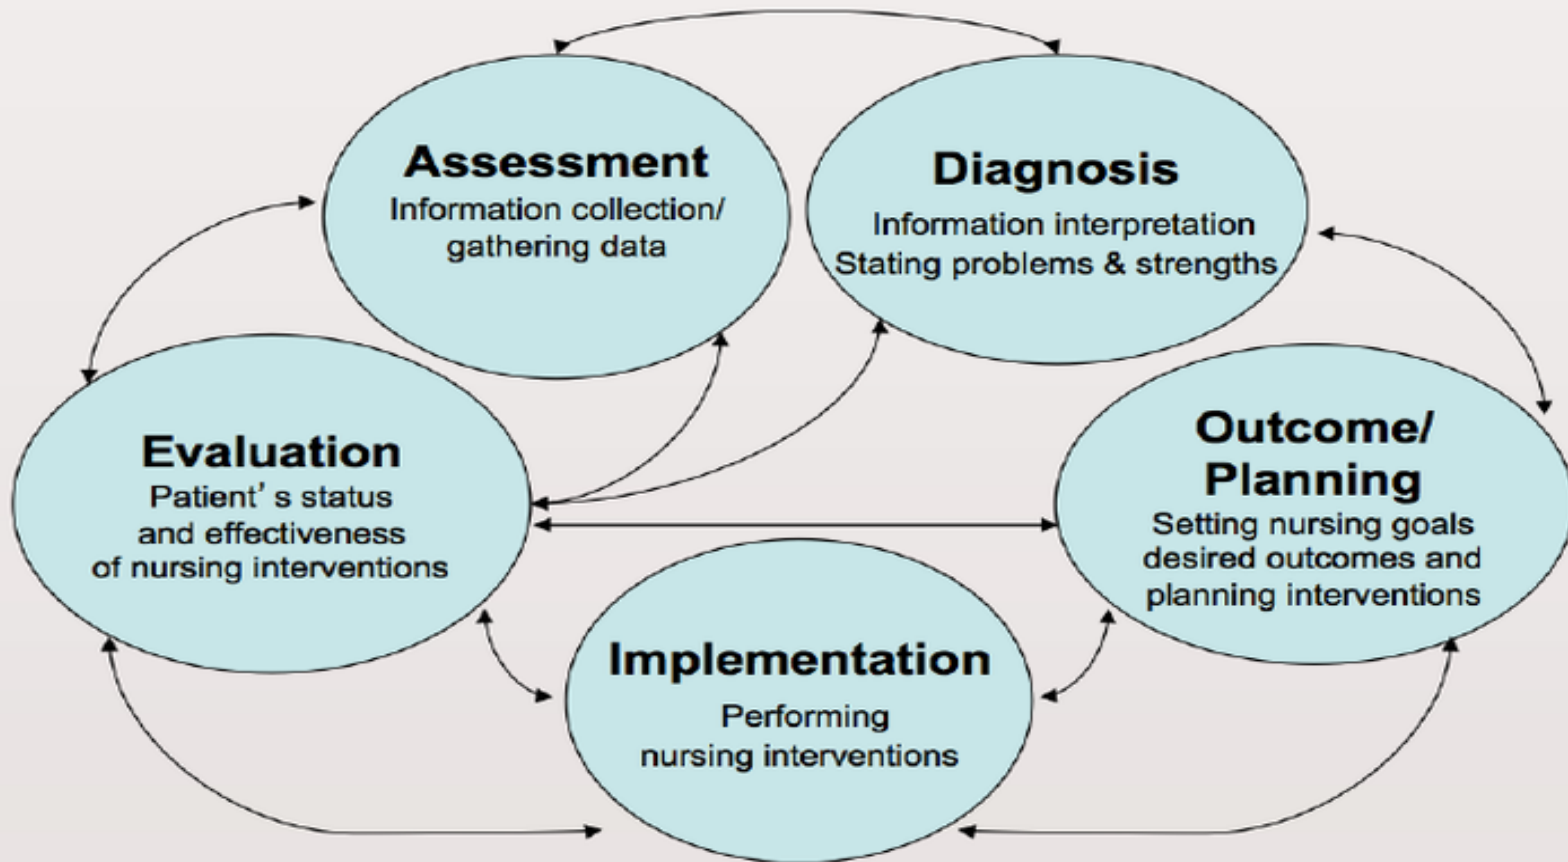

Realistic, acceptable and attainable.

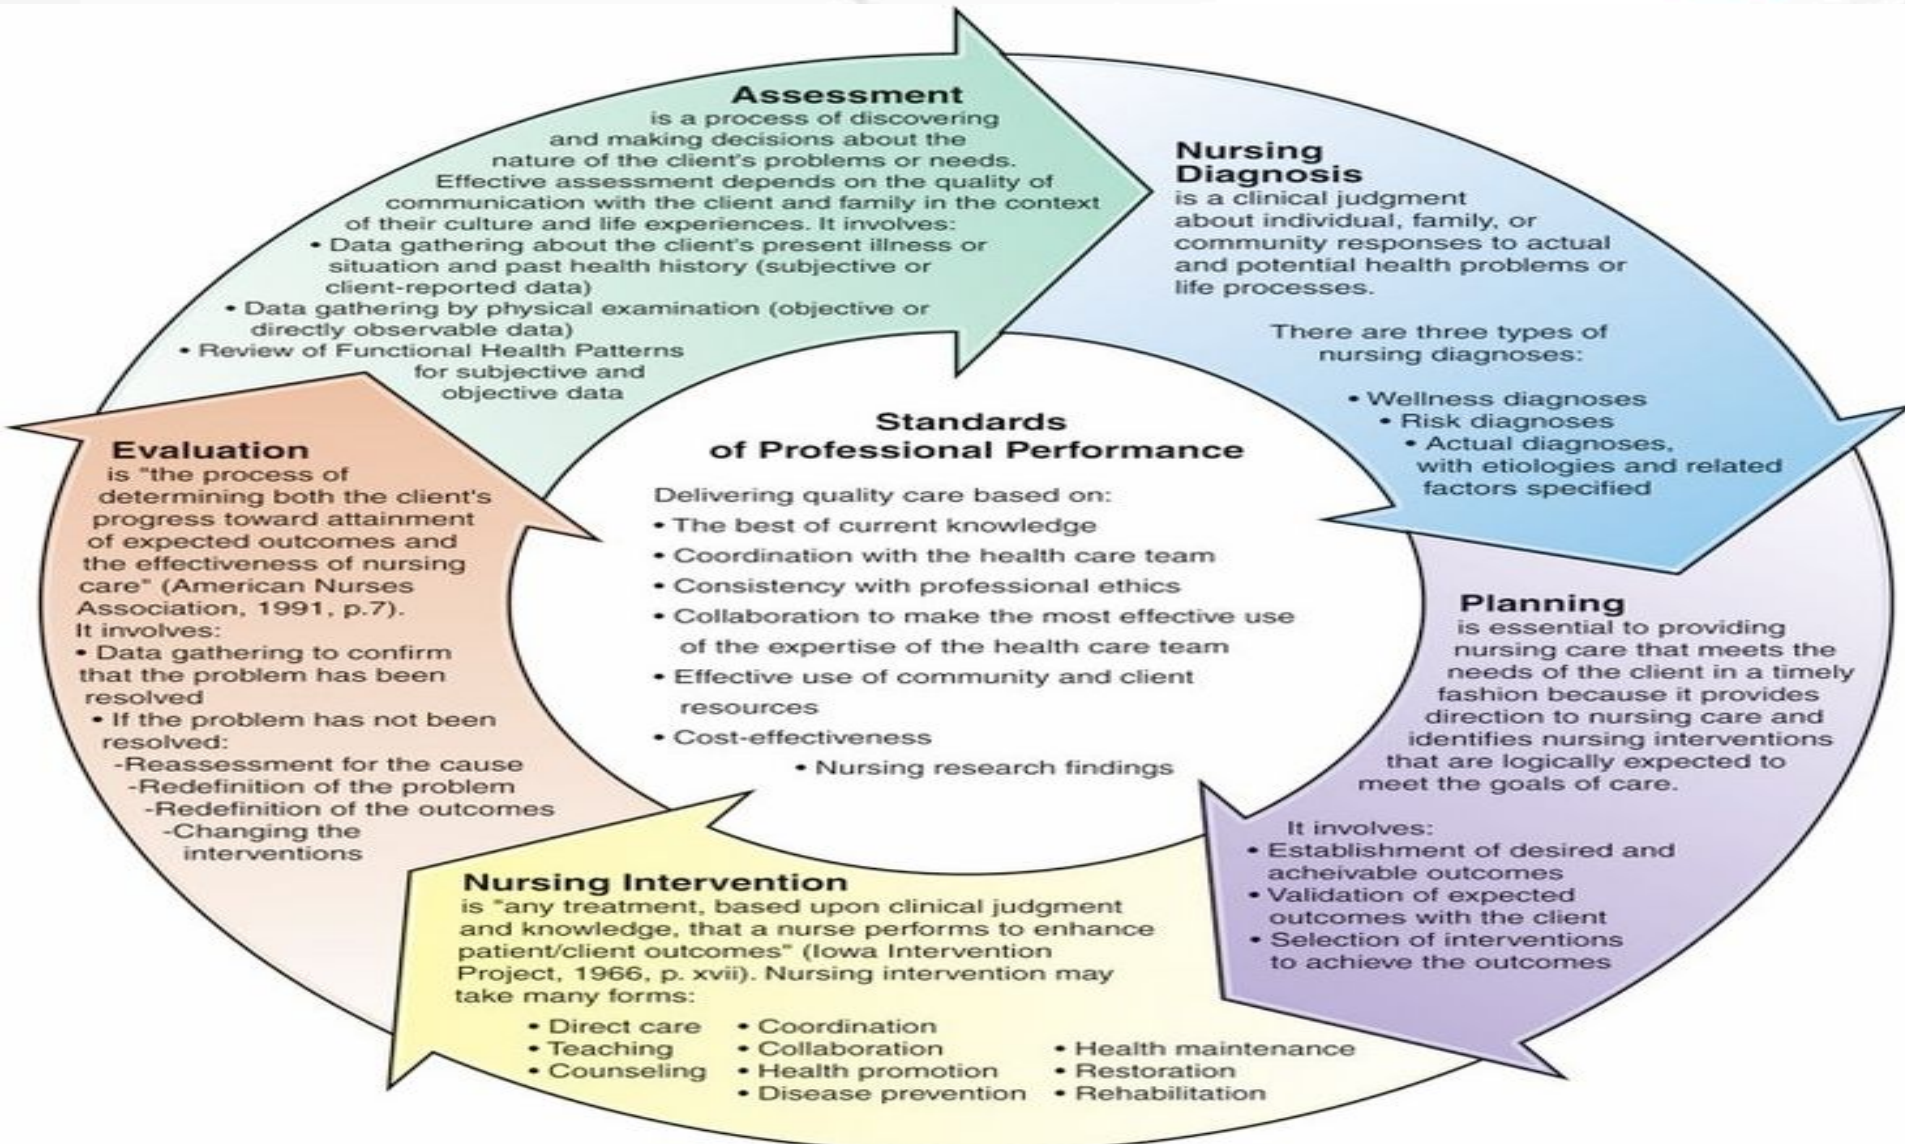

Nursing care must be developed by members of Nursing profession.

Understandable and stated in unambiguous terms.

The steps of the nursing process are interrelated, forming a continuous circle of thought and action that is both dynamic and cyclic (Doenges & Moorhouse, 2008 a+b)
